SCHOOL POLICY

Digital technologies have become integral to the lives of children and young people, both within schools and outside school. These technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. Young people should have an entitlement to safe internet access at all times.

THIS ACCEPTABLE USE AGREEMENT IS INTENDED TO ENSURE:

- that young people will be responsible users and stay safe while using the internet and other digital technologies for educational, personal and recreational use.
- that school systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.

The school will try to ensure that *students / pupils* will have good access to digital technologies to enhance their learning and will, in return, expect the *students / pupils* to agree to be responsible users.

ACCEPTABLE USE AGREEMENT

I understand that I must use school ICT systems in a responsible way, to ensure that there is no risk to my safety or to the safety and security of the ICT systems and other users.

FOR MY OWN PERSONAL SAFETY:

- I understand that the school will monitor my use of IT systems, devices and digital communications.
- I will keep my username and password safe and secure – I will not share it, nor will I try to use any other person's username and password. I understand that I should not write down or store a password where it is possible that someone may steal it.
- I will be aware of "stranger danger", when I am communicating on-line.
- I will not disclose or share personal information about myself or others when on-line (this could include names, addresses, email addresses, telephone numbers, age, gender, educational details, financial details etc.)
- If I arrange to meet people off-line that I have communicated with on-line, I will do so in a public place and take an adult with me.
- I will immediately report any unpleasant or inappropriate material or messages or anything that makes me feel uncomfortable when I see it on-line.

I UNDERSTAND THAT EVERYONE HAS EQUAL RIGHTS TO USE TECHNOLOGY AS A RESOURCE AND:

- I understand that the school systems and devices are primarily intended for educational use and that I will not use them for personal or recreational use unless I have permission.
- I will not try (unless I have permission) to make large downloads or uploads that might take up internet capacity and prevent other users from being able to carry out their work.
- I will not use the school systems or devices for on-line gaming, on-line gambling, internet shopping, file sharing, or video broadcasting (e.g. YouTube), unless I have permission of a member of staff to do so.

I WILL ACT AS I EXPECT OTHERS TO ACT TOWARD ME:

- I will respect others' work and property and will not access, copy, remove or otherwise alter any other user's files, without the owner's knowledge and permission.
- I will be polite and responsible when I communicate with others, I will not use strong, aggressive or inappropriate language and I appreciate that others may have different opinions.
- I will not take or distribute images of anyone without their permission.

I RECOGNISE THAT THE SCHOOL HAS A RESPONSIBILITY TO MAINTAIN THE SECURITY AND INTEGRITY OF THE TECHNOLOGY IT OFFERS ME AND TO ENSURE THE SMOOTH RUNNING OF THE SCHOOL:

- I will only use ICT systems in the school, including the internet, e-mail, digital video, mobile technologies, etc. for school purposes.
- I will only log on to the school network/learning platform with my own user name and password.
- I will follow the school's ICT security system and not reveal my passwords to anyone and change them regularly.
- I will make sure that all ICT communications with pupils, teachers or others is responsible and sensible.
- I will be responsible for my behaviour when using the Internet. This includes resources I access and the language I use.
- I will not download, install or attempt to install or store programmes of any type on any school device, nor will I try to alter computer settings.
- I will not deliberately browse, upload, download or access any materials that could be considered illegal or offensive and inappropriate or may cause harm or distress to others, nor will I try to use any programmes or software that might allow me to bypass the filtering / security systems in place to prevent access to such materials. If I accidentally come across any such material I will report it immediately to my teacher.
- I will only use my school e-mail address.
- I will not open any hyperlinks in emails or any attachments to emails, unless I know and trust the person / organisation who sent the email, or if I have any concerns about the validity of the email (due to the risk of the attachment containing viruses or other harmful programmes)
- I will immediately report any damage or faults involving equipment or software, however this may have happened.
- I will only use my own personal device(s) (mobile telephones/usb devices etc.) in school if I have permission. I understand that, if I do use my own device(s) in the school, I will follow the rules set out in this agreement, in the same way as if I was using school equipment.
- I understand that the use of social media is **NOT** permitted during any lesson or school activity and I will only use social media sites with permission and at the times that are allowed.
- I will ensure that my online activity, both in school and outside school, will not cause my school, the staff, pupils or others distress or bring into disrepute.
- I will support the school approach to online safety and not deliberately upload or add any images, video, sounds or text that could upset or offend any member of the school community.
- I will respect the privacy and ownership of others' work online at all times.
- I understand that all my use of the Internet and other related technologies can be monitored and logged and can be made available to my teachers.
- I understand that these rules are designed to keep me safe and that if they are not followed, school sanctions will be applied.

WHEN USING THE INTERNET FOR RESEARCH OR RECREATION, I RECOGNISE THAT:

- I will respect the privacy and ownership of others' work online at all times.
- Where work is protected by copyright, I will not try to download copies (including music and videos)
- When I am using the internet to find information, I should take care to check that the information that I access is accurate, as I understand that the work of others may not be truthful and may be a deliberate attempt to mislead me.

I UNDERSTAND THAT I AM RESPONSIBLE FOR MY ACTIONS, BOTH IN AND OUT OF SCHOOL:

- I understand that the school also has the right to take action against me if I am involved in incidents of inappropriate behaviour, that are covered in this agreement, when I am out of school and where they involve my membership of the school community (e.g. If I am involved in cyber-bullying, use of images or personal information).
- I understand that if I fail to comply with this Acceptable Use Agreement, I will be subject to disciplinary action. This may include loss of access to the school network / internet, detentions, suspensions, contact with parents and in the event of illegal activities involvement of the police.
- I understand that these rules are designed to keep me safe and that if they are not followed, school sanctions will be applied.

THE HWB PLATFORM

The Hwb platform provides all maintained schools in Wales with access to a wide range of centrally-funded, bilingual digital tools and resources to support the digital transformation of classroom practices. The Hwb platform is managed and operated by the Welsh Government.

All pupils in maintained schools in Wales must be provided with a secure log-in to the Hwb platform. This is because mandatory reading and numeracy tests, currently on paper, will be moving online and must be completed by each pupil via the platform. In order to provide [you / your child] with a secure log-in, the school will be sending basic information to the Welsh Government. The log-in will allow [you/your child] to take the mandatory online assessments, known as 'personalised assessments'.

For more information about the Hwb platform and how information about [you / your child] is used, please see <https://hwb.gov.wales/privacy>.

ADDITIONAL SERVICES

If you agree, Welsh Government can also provide [you/your child] with access, via the Hwb platform, to a variety of additional services which are provided by other organisations. These include online learning environments such as Hwb Classes, Microsoft Office 365, Google for Education, and other relevant educational tools and resources. Welsh Government is making these additional services available to help [you/your child] access educational resources. These additional services are centrally funded and there is no cost for you or for your school to access and use them.

Welsh Government will only provide access to these additional services if you sign the form below to indicate your agreement.

If you agree:

- we will tell Welsh Government to provide access to the additional services
- Welsh Government will share information about [you/your child] with its service providers, including Microsoft and Google Education, in order to enable access to the additional services

If you do not agree:

- we will still share information about [you/your child] with Welsh Government to set up a secure log-in for the Hwb platform, but [you/your child] will not be able to access the additional services.
